We'll bring together 100 scouts, explorer scouts and adult volunteers. We'll support them to raise funds to enable the adventure of a lifetime.

Scouts coming home from international adventures are part of a team; a scouting family that spans age, ability and scout group. 100% of scouts attending in 2017 rated this trip as GOOD or BRILLIANT. It's amazing fun, jam-packed with adventurous activity and is guaranteed to provide lasting memories, life-long friendships and develop #SkillsForLife.

We leave by coach from Washington Services on the morning of Saturday 25 May. We've used our coach company, North East Coach Travel many times. We have enjoyed faultless support from them over the years and the company comply with all relevant standards of safety.

We cross the English channel via Dover-Calais by ferry and travel south east across France to the Alps. We arrive at lunchtime on Sunday and Natacha Camier, our host, greets us with a welcome meal.

The chalet has a good standard of accommodation. Scouts sleep in rooms of 4-6 young people. Each room has a shower and toilet.

There is a games room, an online IT suite, an outdoor all-weather games pitch and a lounge.

*"Thank you so much for organising the whole trip, it was really really fun! :)"*

*All of the leaders made the trip amazing too, they were all so supportive and nice.*

*There was never anyone left out of anything."*
